

Barlow Tyrie Rothesay Teak Estate Armchair

BTY-1ROAKD

Sculptured details make this armchair a standout. Rounded seat posts and curves atop the arms and legs give this chair a rich, traditional feeling. Original designs such as the Rothesay Estate Armchair are manufactured using specialist construction knowledge ensuring many years of service in an outdoor environment.

The bold, sturdy design elements of the Rothesay Collection make a strong visual impact. Selected for the 1992 Olympic Village in Barcelona, Spain and the Peace Park in Hiroshima, Japan, pieces in this collection exude a dignified presence. Fashioned from the highest quality teakwood, the arms of these chairs and benches are lushly rounded. An unexpected curve where the front legs meet the arm creates a striking visual effect. The solid look of this collection is further enhanced by curved accent supports where the legs meet the

seat, which strengthen the chair both physically and visually.
