

Barlow Tyrie Stirling and Linear Teak 9pc Dining Ensemble

BTY-ST-LI-9PC-Din-Ens

The Stirling extending table is a superb, traditional design. The heavy oval top, distinctive leg shape and

sturdy frame connect in a cross frame to give the table stability. This versatile table will seat ten when the dual 'butterfly' extension leaves are used, which are stored under the table when not in use. A parasol can be used through the table in both the closed and extended positions. Vertical slats and a decorative joint on the arm make this chair very stylish while still keeping its strength and beauty.

Please Note: Fabrics, canopies, cushions, covers, special order sling colors, and special order finishes are considered customized and may have longer lead times. These items cannot be cancelled, returned, or exchanged.
