

Bromic Platinum 2300W Series Low Clearance Ceiling Recess Kit

CGP-BH36230

The Platinum Ceiling Recess Kit is the perfect accessory to the Platinum Smart-Heat 2300W and Platinum Smart-Heat Marine Grade 2300W Series Heaters. It allows the heaters to be safely installed in the ceiling. Allow your heaters to blend seamlessly by installing your heater with a ceiling recess kit.

- Includes 1 low clearance ceiling recess kit; heater sold separately
- Models: Platinum 2300W or Marine Grade 2300W Series; price varies on series chosen
- Built-in fan for ventilation, allowing for reduced cavity installation clearances
- Flush-mounting in roof cavities as small as 10"
- Material: Durable stainless steel or Marine Grade stainless steel
- Color: Silver
