

Ecojet Tornado Wall Mount Misting Fan

EJT-TORNADO-WALL

The Ecojet Tornado is a wall-mountable fan that cools and hydrates up to 2,800 square feet of space. It operates at almost 11,000 CFM, making it virtually one of the most powerful misting fans on the market. This

fan has a high CFM for large areas. This industrial strength wall mount fans provides a superfine mist at an impressive 10,595 cu. ft. per minute and operates quietly at 74 decibels. It's recommended the fan be mounted high on the wall so the mist can drift down and slowly spread out into the desired cooling area. Tornado will reduce area temperature up to 20 degrees in the cooling area. Tornado provides the same superfine mist as the other EcoJet misting fans.

- Includes: 1 tabletop misting fan
- Color: Gray
- Water Supply: Water line or standard garden hose
- L-shaped Steel hanging bracket included
- For commercial and residential use
- Coverage area: 3,000 sq ft
- Air Flow: 10,595 cfm
- Electricity Consumption: 460-watt / 4.18 Ah
- 110 Volt/60 Hz
- 74 decibel
- Dimension: 29"L x 16"W x 34"H; 52 lbs
