NGD-E14026BX

Our large faux Boxwood double topiary is perfect for large outdoor planters, or areas where a substantial and unique topiary is needed in the landscape! The artificial plant has our 26" diameter Pumpkin shape on top and 28" round ball on the bottom. Each shape is securely attached to a faux trunk and sturdy metal stake,

and stabilized in a weighted 11" plastic nursery pot. All Enduraleaf boxwood balls and shapes have a strong wire support inside for strength, and the boxwood material is warranted against fading or degrading outdoors. Mount this into any planter with at least 14" opening and 12" depth, or it can be planted directly into the ground. This item must ship on a pallet via Freight carrier.
