

# Golden Care Teak Cleaner 3 Liter Bottle

KVRS-GT111

Golden Care Teak Cleaner is a 3 liter bottle of cleaner & brightener in one. To clean and restore discolored, dark grey teak and hardwood, this water-based formula is not only a high concentration cleaner, but it also contains brightener ingredients, which bring back the original color of new teak/hardwood. Most of the competitive brands require a 2-step-process: a separate cleaner and brightener. This creates twice as much work for the consumer. An extra advantage: unlike most of the other teak cleaners, ours is classified as non-hazardous.

- Water-based and non-hazardous
- Save 20% on the 3 Liter bottle
- Removes mold and spores from inside teak
- Cleans and restores in one step

### **BEWARE OF OIL-BASED PRODUCTS**

Golden Care products are water-based. Water transports active ingredients into teak, then the water evaporates, leaving the wood residue-free. Oil-based products are for indoor woods only. In teak, the oil seeps into cracks and does not evaporate, resulting in mold and mildew.

The results from Golden Care products last 3-4 times longer. The world's top teak manufacturers use Golden Care products in their factories. Treat and protect your teak furniture with the best.
