

Golden Care Teak Shield - 1 Liter

WQS-KVRS-GT105

Teak Shield is a natural, water-based product that protects teak against food and drink stains. It is an almost invisible wood impregnator that makes it difficult for wine, olive oil, butter, coffee to seep into teak. This ensures that after a meal the teak table can just be wiped with a damp cloth, without any nasty stains remaining. This is why Teak Shield is also extremely suitable for the protection of wooden furniture being used indoors.

- Makes wood water and dirt repellent
- Water-based and non-hazardous
- Protects your wood furniture from food penetrating and soaking into the surface

BEWARE OF OIL-BASED PRODUCTS

Golden Care products are water-based. Water transports active ingredients into teak, then the water evaporates, leaving the wood residue-free. Oil-based products are for indoor woods only. In teak, the oil seeps into cracks and does not evaporate, resulting in mold and mildew.

The results from Golden Care products last 3-4 times longer. The world's top teak manufacturers use Golden Care products in their factories. Treat and protect your teak furniture with the best.
