

Heartwood Skybox Cafe Birdhouse

HTW-249A

What do you give a home with everything? Heartwood's Skybox has it all: good looks, rock-solid construction and legions of devoted human and avian fans. What it hasn't had is a companion feeder. Thus, we now present the Skybox Café, with all the great features of Skybox, including beautifully easy-care and rugged PVC construction with elegant verdigris roof. Flying solo or perfectly paired with Skybox (or other Heartwood homes), the Skybox Cafe serves your birds with plenty of panache! Seed capacity – up to 6 1/2 lbs.
