

Kingsley Bate Oslo Distressed Teak 72" Rectangular Dining Table

KYB-OS72

Taking inspiration from antique Scandinavian farm tables, the Oslo Collection is made from solid, distressed

teak. Natural features in the wood help give these tables their vintage charm. These characteristics include knots, checking, and other irregularities.

When exposed to the elements, the factory-applied finish will start to wear away after approximately a season of use. Once the unfinished teak is exposed, the furniture will weather naturally and acquire the gray patina that is characteristic of untreated teak. It is important to note that the finish will not necessarily wear away in a perfectly even fashion during the weathering process.

Please Note: Kingsley Bate fabrics, canopies, cushions, covers, special order sling colors, and special order finishes are considered customized and may have longer lead times. These items cannot be cancelled, returned, or exchanged.
