

# Kingsley Bate Sierra Eco-Teak 74.5" Rectangle Dining Table

KYB-SE74

The Sierra Collection in eco-Teak™ offers a beautiful low-maintenance alternative to natural teak. Made from

solid, high-density Polystyrene, eco-Teak is the finest synthetic wood available. The Vintage finish uses a blend of colors to simulate natural woodgrain, and the material is colored throughout for fade resistance. Long spans on frames are braced with powder-coated aluminum to prevent warping over time. All items are constructed using traditional joinery and stainless steel hardware.

Please Note: Kingsley Bate fabrics, canopies, cushions, covers, special order sling colors, and special order finishes are considered customized and may have longer lead times. These items cannot be cancelled, returned, or exchanged.

WARNING: This product can expose you to chemicals including Bisphenol A, which is known to the State of California to cause cancer or birth defects or other reproductive harm. For more information go to [www.P65Warnings.ca.gov/furniture](http://www.P65Warnings.ca.gov/furniture).
