LS-BSH18-5

From vibrant to elegant, La Siesta hammocks are perfect for every outdoor living space. Featuring improved weight distribution, they are carefully constructed for ultimate comfort and relaxation.

- Brazilian joie de vivre in a very relaxed way: Typical Brazilian details such as the macramé and the artfully crafted decorative borders make a Brazilian hammock something very special.

- Skin-friendly organic cotton: its long fibers make the cloth soft and durable. Colors especially shine on them.
- Thanks to their special weaving technique, Brazilian hammocks offer a particularly soft and stretchy fabric that hugs the body gently.
- Traditional cloth hammock for one or more people. Tip: The most comfortable way to lie in it is crosswise - this is the best way to support your back and to open the hammock by the body.
- The elaborately hand-knotted macramé is a feature of particularly high-quality Brazilian hammocks. The artful linking of the warp threads ensures optimal weight distribution and an incomparable feeling of weightlessness.
- Lovingly hand-knotted decorative borders are a special quality feature of Brazilian hammocks. In northern Brazil in particular, people are very proud of the so-called veranda.
- By doubling the weft threads, the selvages are reinforced and therefore particularly tear-resistant.
