LS-FLH18-3

From vibrant to elegant, La Siesta hammocks are perfect for every outdoor living space. Featuring improved weight distribution, they are carefully constructed for ultimate comfort and relaxation.

- Traditional Colombian hammock craft meets modern weaving art with unique details such as the hand-braided hanging cords.
- Skin-friendly organic cotton: its long fibers make the cloth soft and durable. Certified by the Global Organic Textile Standard (GOTS) according to strict environmental and social criteria.
- The quality of a hammock is measured by the high number of hanging cords it has. In this way they

distribute the weight better and increase the longevity and comfort of the hammock.

- Traditional cloth hammock for one or more people. Tip: The most comfortable way to lie in it is crosswise - this is the best way to support your back and to open the hammock by the body.
- By doubling the weft threads, the selvages are reinforced and therefore particularly tear-resistant.
- Certified cotton according to OE 100 Standard
- Machine-washable
