

Liberty Through Wall Locking Mailbox

QUA-LIB

Mounted through a wall, mail is delivered through a conventional letter plate. The mail then passes through a chute, drops into a collection box and is retrieved from the rear lockable secure access door. Choose an adjustable chute depth of 4" to 6" inches or 8" to 10" inches to match the thickness of your wall. The chute is held in place with masonry and silicone adhesive. (not provided) Mailbox is made from solid aluminum, is

totally waterproof and has a quality black enamel finish. It features a large capacity secure mail storage area with lockable rear retrieval door which is supplied with 2 keys. Incoming opening dimensions: W 9" x H 2.5"
Rear access door opening dimensions: W 7" x H 7.5"

- Pass through mailbox with outside letter plate, chute, and locking mailbox
- Multiple chute depths and sizes available
- Choose from black, bronze, silver, and antique copper finishes
