

Locking Vacation Mailbox

QUA-WF-VACMB

This large capacity high security mailbox, made of durable powder coated 18-gauge steel, is designed for the traveler. This mailbox combines the simplicity of a non-locking traditional mailbox for everyday use and the security of a locking mailbox while out of town. The sturdy hinged hopper door is large enough to accept small packages and will keep a week's worth of mail safe. The Mailbox is labeled inside providing easy to follow and simple instructions for the delivery carrier. Mailbox and optional post feature a powder coated black finish.
