

# Mod Planter 20" Tall

CRGN-A6150

Designed with modularity in mind, our Mod self-watering planters can be stacked and combined in hundreds of configurations to create green dividers anywhere. Use them all in one color or combine colors to create your own design. This unique trough planter makes a great styled garden bed for growing vegetables and

herbs. It also excels as a barrier. The Mod planter features a built-in TruDrop One system, which is an innovative self-watering technology that reduces the need for watering for up to 6 weeks. Let the TruDrop system take care of an everyday chore. Then you can travel worry-free and have more time to enjoy the art of gardening.
