

RS Barcelona Diagonal Outdoor Pool Table

RSB-DIPTOUT

Just as a diagonal line crosses a space from end to end, RS Barcelona's designer pool table imbues any room

with design, elegance, and playfulness. Diagonal is inspired by the perfect lines of this game and by one of the main thoroughfares of Barcelona, the city where it's manufactured.

Diagonal strikes the perfect balance between design and playability. With its sleek, modern lines and its range of high-quality finishes, it graces any outdoor setting. The sophistication and beauty of black and the brightness and purity of white.

The Diagonal pool table comes in two sizes, 8 ft American and 7 ft American, in order to meet different space requirements. The structure is primer coated steel with micro textured polyester paint finish. It has a single compact fiber cement slab, which is tougher and more sustainable than slate.
