

RS Barcelona Diagonal Outdoor Pool Table - Dining Table Top

RSB-DIAGTOPHPL

In line with our intense living philosophy, we knew that we could take the Diagonal pool table concept one

step further. We don't all have enough space at home, at the porch or at the office for a pool table. If only! But what if the pool table could also be used as a dining table? The space problem would be solved in a simple but practical way.

The dining top completely covers the cloth, pockets and structure in a matter of seconds. Three independent pieces that slot together, turning the Diagonal into a table. Because the top is composed of three pieces, it can be easily handled and stored while the Diagonal is in pool table mode.

The dining top is available in iroko, walnut or oak wood (for indoor use) or in Fenix (for outdoor use), in the two sizes of the Diagonal pool table. A large dining table. A fabulous pool table.
