

RS Barcelona Indoor/Outdoor Folding Ping Pong Table

RSB-RSF

With the RS Folding ping pong table, the phrase “I haven’t got space for a ping-pong table” no longer makes

sense. This ping pong table breaks the mold. Until now, most of the folding ping pong tables in the market have been strictly functional, designed to occupy as little space as possible and be stored away in a corner once the game is over.

The RS Folding ping pong table restores design to its rightful place, combining the functionality of a folding ping pong table with the intense living design of RS Barcelona. Because design needn't be incompatible with functionality and playability.

The RS Folding ping pong table has standard ping-pong table measurements, while its surface, design and structure provide total playability, stability and toughness. Just like a professional ping pong table.

What's more, thanks to the RS Folding ping pong table, you no longer need to miss out on playing ping-pong due to a lack of space. Once folded, by means of a simple mechanism located underneath the tabletop, it takes up little space. And you can easily move it to the most convenient spot thanks to its tough all-terrain wheels.

Yes, the RS Folding ping pong table is an all-terrain item. Thanks to its high-quality, hardwearing and weatherproof materials, you can use it both indoors and outdoors.

Customization Note: The table can be further customized to order with additional colors. Please contact us for a quote: 800-762-5374,
