

RS Barcelona Indoor/Outdoor Stationary Ping Pong Table

RSB-RSS

The RS Stationary ping pong table has real character. Its wooden legs give it strength and toughness. It invites

you to play with no holds barred, to give it all, because you know that it can handle it. Without question, this is an all-terrain ping-pong table.

It's the ping pong version of our RS3 Wood foosball table, inspired by the idea of creating a playmate for the foosball table fitted with wooden legs. They make a perfect couple, sharing a striking design with strong lines and real presence. But this ping pong table has bags of personality in its own right.

It has the dimensions of a standard ping pong table, along with a playing surface, design and structure that offer full playability and stability. Thanks to its high-quality, hardwearing materials, you can enjoy the game both indoors and outdoors. It's an all-terrain ping pong table designed to last for as many matches as you can ever play.

And if you're looking for all-round functionality, once you've stored the paddles, balls and net, you can use it as dining or conference table.
