

RS Barcelona Indoor/Outdoor Track Shuffleboard Table

RSB-TRACK

In play as in life, you have to be bold, challenging the established limits without going beyond them,

launching off with just the right amount of power to reach the edge without going over it, having that spine-tingling feeling of risk without losing... This is exactly what the Track shuffleboard table is like.

Track dares to break the conventions of the classic shuffleboard game, with its design of sleek lines and firm, imposing beauty. It dares to innovate by making tough steel the undisputed star of the pitch. Track gives you a challenge in the distance, with only the path separating you and your desire to win. The precision of your shot connects the departure point and destination: to play.

Track shuffleboard is available in two sizes: 9 and 12 feet to match the dimensions of the space. With its glass top, Track Dining shuffleboard is both a game table and a tall bar table. In fact, the game, with some snacks and drinks to share, has a different flavor.
