

RS Barcelona Ombra Bar Stool With Back

RSB-OMBARBR

Attentive to your conversations with friends in the bar; accompanying you through a hard day's work at the

office; sharing some tapas at a terrace; patiently waiting for dinner to be ready in the kitchen... The Ombra stool is always there. Its place is assured. It awaits you, discreetly. But always alert to when you need it.

That's when it comes into its own and reveals all its charms: its clean design, with sleek, elegant lines; its comfortable, generously sized ergonomic seat; its range of eye-catching and easy-to-match colors; its different heights to suit all sorts of tables and bars.

That's when it shows its versatility, functionality and toughness. Ombra is designed and manufactured for intense use both indoors and outdoors. Ready to withstand lots of sit-downs and plenty of movement. Ready to go outside when the sun shines. Ready to go back in, if you're surprised by a sudden chill or downpour. But also ready to wait for you outside in the rain, thanks to its weatherproof cataphoretic treated steel structure.

Customization Note: The chair can be further customized to order with additional colors. Please contact us for a quote: 800-762-5374,
