

RS Barcelona RS2 Indoor/Outdoor Foosball Dining Table

RSB-RS2-DINING

A real experience at the dining table. A foosball table at which to eat, or a dining table at which to play. You

choose how to define the RS2 Dining table.

The idea is as simple as it is original. We've put a glass top over our classic RS2 so that you can use it as a dining table without having to stop the game, although we recommend playing seated!

This foosball-dining table combines gastronomy, playtime and design. The world-famous chef José Andrés fell in love with the RS2 foosball table and was keen to bring it into his culinary universe, starting with his Jaleo restaurants in Washington and Las Vegas. His word was our command. What began as the customisation of one of our foosball tables for this most eclectic and Spanish of projects has become an item in our Stay Playful collection. "The RS2 Dining is an extra ingredient, a special touch in some of my restaurants," says José Andrés.

The RS2 Dining table comes with two different glass sizes: oval (for 6 people) or rectangular (for 4 people).

As with all the other foosball tables in our range, you can choose your favourite teams, the line-up (3-3-4 or 2-5-3) and the field colour. You can decide whether to have players with legs joined together or two legs. You can have male players, female players or mixed teams, and you can choose the colour of their skin. They can even be chefs, police officers, rock stars, film stars, nurses or priests.

Customization Note: The table can be further customized to order with additional colors. Please contact us for a quote: 800-762-5374,
