

RS Barcelona RS2 Indoor/Outdoor Foosball Table - Gold Edition

RSB-RS2G

The RS2 foosball table is the original outdoor foosball - this is where it all began - and the Gold Edition is pure

luxury. It offers cast aluminum players, in gold and silver chrome plating, playing over a classy black field. The score counter and other little touches are also plated in gold chrome. This handcrafted foosball table is available in white or black.

This gorgeous game table speaks the language of design with the other high end furniture in the room. It's an item that contains moments of fun: the Sunday morning game with the family in the garden; laughter in the local bar with friends; or during some downtime at work, scoring a few stress-busting goals.

This is a foosball table that stands out from the crowd thanks to its industrial design, sleek lines and elegant colors, not to mention its details, such as its glass-holders for all four players and its rubber-base levelers.

Thanks to its high-quality, hardwearing materials, this table is ready for intense use and a long life at your side. The game begins!
