

RS Barcelona RS2 Indoor/Outdoor Foosball Table - Stainless Steel

RSB-RS2-X

The RS2 foosball table is the original model. This is where it all began. The goal was to take the foosball table out of the garage and move it into the spaces where we do our living. We aimed for it to speak the language

of design with the other furniture in the room. It's an item that contains moments of fun: the Sunday morning game with the family in the garden; laughter in the local bar with friends; or during some downtime at work, scoring a few stress-busting goals. This is a foosball table that stands out from the crowd thanks to its industrial design, sleek lines and elegant colors, not to mention its details, such as its glass-holders for all four players and its rubber-base levelers. Thanks to its high-quality, hardwearing materials, this table is ready for intense use and a long life at your side. The game begins.

- Includes: 1 foosball table, 7 balls (5 standard, 2 silent), and 2 extra players (1 per team)
- Hand built using stainless steel, cast aluminum, and premium Iroko wood components
