

RS Barcelona RS3 Indoor/Outdoor Foosball Table

RSB-RS3

With the RS3 you can enjoy the same sensations as with its bigger cousin, the RS2 model but with new

features. Despite its more lightweight look, thanks to the robust structure of RS3 you can play with the enthusiasm of a child but with the strength of an adult.

The RS3 design foosball table combines design, playability and durability so you can enjoy the game to the full.

It's a foosball table manufactured in metal and other high-quality materials, with striking colours that make it the centre of attention, whether in sedate black or vivacious red. It's designed to suit any space and its steel structure makes it extremely hardwearing, with the stability necessary for intense use. It's the perfect item for playing not just at home but also in common areas such as offices, bars and hotels, both outdoors and indoors.

Customization Note: The table can be further customized to order with additional colors. Please contact us for a quote: 800-762-5374,
