

RS Barcelona RS3 Wood Indoor/Outdoor Foosball Dining Table

RSB-RS3-DINING

First came the RS2 Dining table. We turned our iconic RS2 foosball table into a dining table, which thanks to its fun, playful character became the special ingredient in many restaurants.

It was only natural that the RS3 Wood Dining table would have its moment. This is the dining table version of our RS3 Wood, a foosball table fitted with wooden legs. Without altering its essence and playful spirit, we've added functionality to this model. Now it's not just a foosball table; it's a foosball-dining table with a glass top. To play between dishes, or to eat between scoring goals.

At a height of 100 cm (39.4 in), it's a tall table that feels at home in bars, in common areas of workplaces, or in the games room of a private dwelling. Accompanied by a set of counter-height stools (76 cm / 30 in), it creates the perfect setting for unforgettable get-togethers around the table.

Customization Note: The table can be further customized to order with additional colors. Please contact us for a quote: 800-762-5374,
