

RS Barcelona RS3 Wood Indoor/Outdoor Foosball Table - Gold Edition

RSB-RS3W-GN

The Gold Edition of our iconic RS3 Wood is the ultimate in foosball table luxury. The RS3 Wood is the natural progression of our determination to push the boundaries. We've incorporated wood in our foosball tables. And for this purpose we've chosen iroko, a wood suitable for outdoor use. Like metal, it's extremely durable and hardwearing, an essential requirement in our range of foosball tables.

RS3 Wood is designed for outdoor living. It has the same structure as the original RS3 but is fitted with wooden legs, which give the design added warmth and a more contemporary look. The essence of the game remains intact, because playability, toughness, durability and design form the perfect combination in all our foosball tables, so you can enjoy the game without having to compromise on design. This table will be with you for as many different lives as you wish to live.
