

RS Barcelona RS4 Indoor/Outdoor Foosball Table

RSB-RS4H

RS4 Home is the evolution of our foosball table to the demands of a market that is increasingly online. For

that reason, we have modified some production details to respond to those requirements without giving up design, high quality and our intense living concept.

For all ages: the years don't matter, as long as you have a playful attitude.

For sharing with your loved ones: family, friends, neighbours ... Anyone who dares to challenge you.

For enjoying any time: a celebration, a party, a family reunion, on Saturday after lunch, on Wednesday when the homework is done ... For all those moments that will not be forgotten.

For indoors and outdoors: enjoy a good game both in the dining room as well as in the garden or in the patio. Wherever the shouts and laughter resonate best.

For quick ship: finished, packed and ready to ship.

For eco-friendly and easy delivery: improved packaging for easy delivery, and a better handling and thus to reduce the environmental impact.

For doing it yourself: easy assembling. Putting it together makes it yours, and then, when the game starts, you love it even more.

New colors: yellow, terracotta, navy blue and cream. Warm, cosy and subtle, inspired by the colour scheme of the autumn landscapes. And the wooden legs make it warm and harmonize with the space.
