

SUNHEAT 6' 2" Triangle Glass Tube Patio Heater

SHI-PHTRGH-34

50% more flame and now more heat where you need it! This Original SUNHEAT Restaurant quality patio heater is about 3/4 the size of our original flame models and features a contemporary triangle design and a decorative variable flame to heat up any outdoor gathering. The unique stance and shape provides functionality and style that will warm and accentuate your patio or deck. The inviting flame will safely light up the night as it dances inside a 50% wider quartz glass tube. The triangle reflector hood evenly spreads the 46,000 BTUs of heat across your outdoor space, up to 115 feet of coverage. You can adjust the flame and the heat output by simply turning the temperature control knob which is located behind the front panel. The push button ignition system makes this unit simple and safe to operate. It will run up to 10 hours on the highest setting. The PHTR-34 models come with a one year warranty. Whether it's a family gathering or a business party, The Original SUNHEAT patio heater will add warmth and style to any occasion.
