

SUNHEAT Square Portable Propane Patio Heater

SHI-PHSQ

The Original SUNHEAT Restaurant quality patio heater features a contemporary square design and a decorative variable flame to heat up any outdoor gathering. The unique pyramid shape provides functionality and style that will warm and accentuate your patio or deck. The enchanting flame will safely light up the night as it dances inside a four feet tall glass tube. The 18-inch triangle reflector hood evenly spreads the 40,000 BTUs of heat across your outdoor space, up to 12 feet in diameter. You can adjust the flame and the heat output by simply turning the temperature control knob which is located behind the front panel. The push button ignition system makes this unit simple and safe to operate. This industrial quality heater will run up to 10 hours on the highest setting. The PHSQ models come with a one-year warranty. Whether it's a family gathering or a business party The Original SUNHEAT patio heater will add warmth and style to any occasion. The optional cover is specifically designed to protect your SUNHEAT patio heater from winter's wrath. This patio heater cover is made from 210D polyester that prevents cracking, fading, tearing and mold build-up. It's water resistant and adds extra protection from the elements.
