

SuperSlide Pool Slide

WQS-SWM-90809

The Super Slide is easy to set up and take down in just minutes. Convenient garden hose attachment allows a side-mounted water jet to stream water down the slide for continuous, slippery rides. Wide design lets you enjoy the fun with a friend. Inflatable landing pad allows you to gently enter the pool, lake, or river. Heavy-duty side handles. Slide comes with two outside chambers that fill with water for weight. Also includes built-in climbing steps, grab handles, and safety rails.
