

Treasure Garden 11' Auto Tilt Center Post Umbrella

TRG-UM812_SWV

An 11' octagon umbrella provides a nearly one hundred square feet of shade. Despite its size, this umbrella is very easy to operate and move. The sturdy aluminum center pole, hub, and ribs are light weight. Combined with the canopy, they weigh just 21 pounds. This umbrella also comes standard with the auto-tilt system. A single crank located on the pole opens the canopy and tilts the umbrella to the desired angle.

- Made to order. May not be canceled or returned once production is underway.
- Featuring crank lift system
- 95 square feet coverage
- Durable and lightweight aluminum pole
- Base sold separately
