

Vita Mezza 6'x6' Cedar Keyhole Composting Garden Bed

VTA-VT17707

The Mezza Garden Bed is crafted from beautiful, sustainably-sourced FSC cedar. It is perfect for growing deep root vegetables, herbs, or flowers. Mezza cedar boards are treated with a warm, water-based stain that makes it safe for the environment and ensures healthy, safe food production. Cedar contains natural preservatives that help it resist insects and decay. Boards easily slide into posts with no need for tools or screws. Our innovative posts make for perfectly modular beds allowing you to configure your own unique garden layout and size.

Inspired by the African keyhole gardening technique, the Mezza Composting Garden Bed lets you compost household waste and grow vegetables in the same garden. Your daily kitchen scraps can be conveniently placed in a central compost basket. This household waste is then organically transformed into nutrient-rich soil that nourishes your vegetables. Compost-fed soil better holds moisture and nutrients, while using up to 70% less water.

It's Vita's conviction that good starts with giving. As a company, they are committed to looking beyond their personal lives and asking, what can we give? One project that Vita supports is The Inn of the Good Shepherd. It is a homeless shelter and food bank that distributes over 6,000 lbs of fresh produce into their local community each week. They also support global non-profits. These include The Sanmen Youwei Library in China and Thrive in Kageyo, Rawanda. With training and tools, they empower people to grow an abundance of healthy, organic, disease-fighting foods.

- Garden bed includes four sides; open on the bottom
- Materials: 100% FSC certified cedar lumber treated with water-based stain; posts are anodized aluminum
- Color: Golden Brown
- 1 year warranty
- Detailed assembly instructions included
- Dimensions: 72"L x 72"W x 22"H; 84 lbs
- Compost Basket Dimensions: 24.4"L x 10.9"W x 22"H
- Planting Area: 33 sq ft
- Soil Capacity: 60.5 cu ft
