

World's Finest Nursery Rocker

WQS-WFR-IN-713-1

This is the finest, best built nursery rocking chair available anywhere in the world, and is the same model used in 5 star hotels and resorts worldwide - and we are the manufacturer. Its size, seat and back height, contours and balance point make it the most comfortable rocking chair made, and it will last through many

years of use and happy memories. It is a large, comfortable rocker that has not been shrunk down in size to meet a low price point like most others. This is an heirloom quality furniture piece that will be in your family for generations. Premium Robinia wood has been 100% kiln-dried, slats are cut to shape (not bent), and all construction is mortise and tenon. Each rocker is pre-assembled at the factory to ensure quality control and a perfect fit, then partially disassembled and carefully packaged for safe shipping.

Robinia Wood: Better than Teak for Half the Price

Teak has been the gold standard for luxury wood furniture for more than a century, but Robinia provides equal beauty with greater strength and more environmental sustainability. This is chiefly because Robinia matures in 30 years, as compared with 60 years for teak. In addition, while teak's high oil content does not allow it to be painted, robinia is paintable - for that reason, our painted World's Finest Nursery Rockers are also made of Robinia.

Magnum Opus Design

Frontera Furniture Company has been designing, manufacturing and selling rocking chairs to premium customers, designers, architects, hotels and resorts for 30 years. The World's Finest Nursery Rocker is the top of the line rocking chair which developed through numerous design enhancements following feedback from thousands of customers over a quarter of a century. This chair is the Magnum Opus of rocking chair design, from details like arm shape and thickness, premium materials, to seat and back contour and balance point. Despite being significantly less expensive than other high quality nursery rocking chairs, it is the best rocker money can buy.

Same Rocker Used in 5 Star Hotels and Resorts

We have been selling top quality rocking chairs (and other premium furniture) to 5 star restaurants, hotels, and clubs in more than 40 countries. Top hotel chains like Hyatt, Hilton, Relais & Chateaux and the Luxury Collection, as well as iconic independent properties including The Greenbrier and Augusta National Golf Club are just a few of the many properties utilizing our rockers.

A Warning to Buyers!

We're a small, close knit team and we prefer to look on the bright side of things here at Frontera Furniture Company. But, the reality is that the furniture world is chock full of really, really awful products. Many furniture pieces you see on eBay or in big box furniture stores are inexpensive because they are made from cheap wood and hardware and have been scaled down in thickness and size to meet a low price point. You'll notice the difference in genuine durability and comfort in our furniture.

Another thing we recommend you look out for is sellers who don't make the same promise to pack and ship your products at the highest level possible. We have been selling premium furniture for 30 years and you can count on us for top quality and durable pieces with beautiful finishes, real comfort, and packed and shipped properly. Don't end up sorry you bought a bad piece of furniture that won't stand up to use. Instead choose an excellent piece at an incredibly fair price from a team of people who care about the products they are selling and the customers who have chosen to buy from them.

100% Satisfaction Guarantee

If you are not satisfied FOR ANY REASON, you may return your items in new condition within 14 days for a full

refund. Even if you have assembled the furniture and it cannot be put back into the original box, you can send the furniture back (you must pay return shipping) if it is still in new condition for a full refund of your purchase price. Your satisfaction is our goal, and we are confident you will be delighted with our furniture.

Warranty

This rocking chair is warranted by the manufacturer against manufacturing defects for 5 years from date of purchase.

Buy two for \$459 each, or four for \$439 each. Handcrafted in Europe, this is the World's Finest Nursery Rocker, our largest and most comfortable, and it's an heirloom that will serve your family for years. Made from a premium solid hardwood, this rocking chair has every feature of comfort, style, and durability. Despite our best efforts, these rockers are hard to keep in stock, so order yours today.
