Fine Garden Furniture

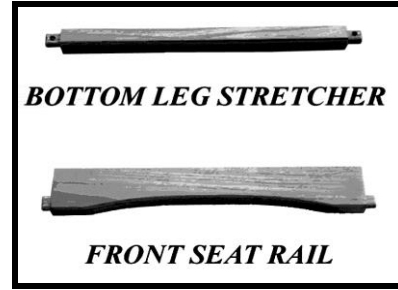

ASSEMBLY INSTRUCTIONS FOR THE CL-18

SEAT

BACK

BOTTOM LEG STRETCHER

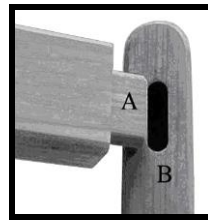

FRONT SEAT RAIL

RIGHT END FRAME

LEFT END FRAME

*** NOTE:**
A TENON
B MORTISE HOLE

STEP-I

Unpack, inspect and lay the parts on a clean, flat, soft surface to avoid marring the wood.

NOTE: During assembly of the furniture please match all joints with the corresponding letters or numbers stamped on the furniture.

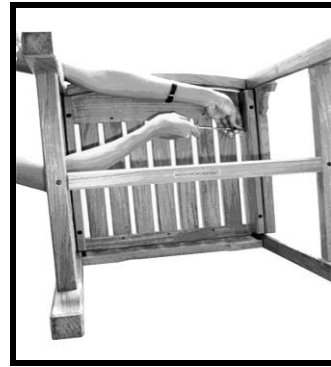

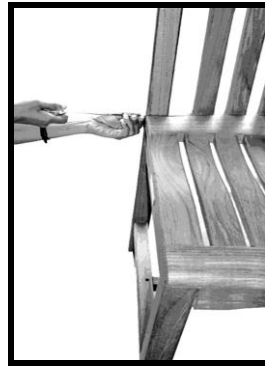

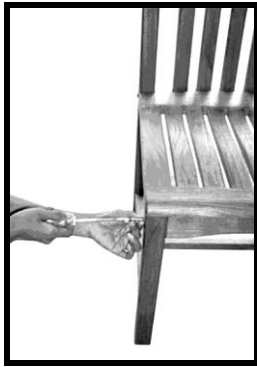

STEP-II

Fit the **BACK**, **BOTTOM LEG STRETCHER** and **FRONT SEAT RAIL** tenons into the end frame mortise holes. If necessary, gently rock the parts while pushing tenons into place until joints fit snugly together.

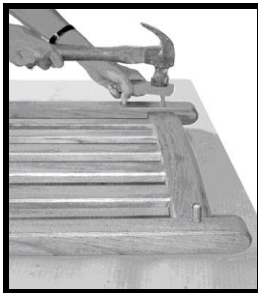

STEP-III

Fit the remaining **END FRAME** mortise holes onto all exposed tenons as shown in photographs and carefully upright chair by lifting it and setting it down while holding the **END FRAMES** in place securely.

STEP-IV

Place SEAT into the chair frame as shown in the pictures below and secure knock-down bolts using a proper screw driver; be careful not to over tighten bolts.

STEP-V

Carefully hammer dowels into respective joints, making sure not to hit other parts of the chair. To avoid dimpling the wood we suggest you place a block of wood between dowel head and hammer head on the last few blows. If dowels are not completely flush, use a saw to cut the ends and then

sandpaper to smooth the tops. *After hammering, if dowels still protrude do not continue hammering! Insert brass screws into respective pre-drilled SEAT holes (see picture). Do not hammer in the screws, but drive them in with a proper screw driver.

Note: For easier doweling you may want to place the BACK of the chair on a protected table top as shown in the assembly picture.

IF YOU HAVE ANY QUESTIONS REGARDING THE ASSEMBLY OF YOUR KINGSLEY-BATE FURNITURE, PLEASE CONTACT THE KINGSLEY-BATE DEALER NEAREST TO YOU OR KINGSLEY-BATE DIRECTLY. WE THANK YOU FOR CHOOSING OUR FURNITURE.

** KINGSLEY-BATE WILL NOT TAKE RESPONSIBILITY FOR DAMAGE IF THESE INSTRUCTIONS ARE NOT FOLLOWED PROPERLY.*
