### **STEP-I**

Unpack, inspect and lay the parts on a clean, flat, soft surface to avoid marring the wood.

**NOTE:** During assembly of the furniture please match joints with the corresponding letters or numbers stamped on the wood.

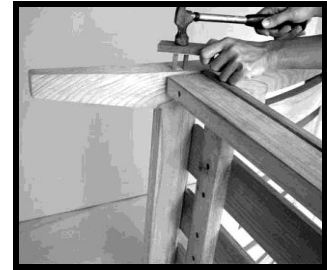

### **STEP-II**

We recommend that two people assemble this item. Place Styrofoam under the BACK. Fit the SEAT tenons into the BACK mortise holes as shown in the photographs. If necessary, gently rock the parts while pushing down on them until all the joints fit snugly together. One person should balance the SEAT until STEP-III is done.

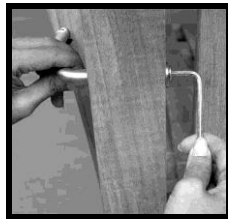

### **STEP-III**

Carefully fit both END FRAMES mortise holes over all exposed tenons and using a rubber mallet or a regular hammer with the sanding block between the hammer and the wood, gently drive the mortise holes onto the tenons until all joints fit snugly together.

#### **STEP-IV**

Hammer the long dowels into the pre-drilled holes under the BACK; details are shown in the photographs. Insert knock bolts through the back legs and into END FRAMES, tightened with the allen key provided. Do not over-tighten bolt as you may strip insert out of END FRAME. Dowel the front leg of the END FRAME to the SEAT. NOTE: DO NOT FORCE THE DOWELS; ANY EXCESS CAN EASILY BE SANDED AWAY. IF THE DOWELS ARE NOT FLUSH DO NOT CONTINUE TO DRIVE THE DOWELS, YOU MIGHT DAMAGE THE ITEM. Day bed needs to be up-righted carefully by two people; carefully lift and place down, **do not tilt day bed to the upright position.**

#### **STEP-V**

Attach the BRACKETS to the BACK as shown in the photographs. Washers go on the BRACKET side of the assembly. Secure BRACKETS with the allen key provided and be careful not to over-tighten.
